

The

AWESOME LYSOSOME

Meeting

to celebrate TIGEM's 30th anniversary and
Andrea Ballabio's retirement as founding director

**Telethon Institute
of Genetics and Medicine**
Pozzuoli (Naples), Italy

September 19-21, 2024

Confirmed speakers

Monther Abu-Remaileh

Stanford University

Alberto Auricchio

Telethon Institute of Genetics and Medicine

Juan Bonifacino

National Institutes of Health

Thomas Braulke

University Medical Center Hamburg

Francesco Cecconi

Università Cattolica del Sacro Cuore

Antonella De Matteis

Telethon Institute of Genetics and Medicine

PierPaolo Di Fiore

Istituto Europeo di Oncologia

Chiara Di Malta

Telethon Institute of Genetics and Medicine

Ivan Dikic

Goethe University Frankfurt

Alejo Efeyan

Centro Nacional de Investigaciones Oncológicas

Volker Haucke

Leibniz-Forschungsinstitut für Molekulare
Pharmakologie Berlin

Elizabeth Henske

Harvard Medical School

Lukas Huber

Medizinische Universität Innsbruck

James Hurley

University of California, Berkeley

Judith Klumperman

University Medical Center Utrecht

Luigi Naldini

San Raffaele Telethon Institute for Gene Therapy

Gennaro Napolitano

Telethon Institute of Genetics and Medicine

Mario Pende

Institut Necker Enfants Malades

Rushika Perera

University of California, San Francisco

Frances Platt

University of Oxford

Paul Saftig

Christian-Albrechts-Universität zu Kiel

Carmine Settembre

Telethon Institute of Genetics and Medicine

Meng Wang

Baylor College of Medicine

Marino Zerial

Human Technopole

Huda Zoghbi

Baylor College of Medicine

Roberto Zoncu

University of California, Berkeley

Sessions

Lysosome
biogenesis
and function

Lysosomal
signalling

Lysosome
and cancer

Autophagy and
endocytosis

Lysosomal
Storage
Diseases

**REGISTRATION
IS NOW OPEN!**

organized by
Graciana Diez-Roux, Chiara Di Malta,
Gennaro Napolitano and
Carmine Settembre

abstract submission deadline: **3rd June 2024**
